

Judy's Song

There is peace in the family
There is love for the children
There is light for the future
In this world
You can lay down
Your heavy burden
You have earned your day in the sun
And we'll all carry on
What you have begun

You've taught peace in your wisdom
Inspired love by example
Brought light of understanding
To our lives
You can lay down
Your heavy burden
Fly away to rest in the sun
You leave gifts in your absence
For every one

We've learned the peace of completion
Through your love and commitment
Our hearts are light with the strength
We've felt at your side
Though we feel sad at your parting
We stand tall, a smile on our face
For you leave us a memory
Of wisdom and grace

There is peace in the family
There is love for the children
There is light for the future
In this world
Though we feel sad at your parting
We stand tall, a smile on our face
For you leave us a memory
Of wisdom and grace.

This song was written especially for Judy by staff of the Kamloops Infant Development Program on the occasion of her retirement, July 2006.
